

## *Me-Who?*

*Who am I?*

*I think this is actually a really  
hard question*

*to answer for*

*all of us-people*

*I could say many things about*

*Myself*

*probably every little thing*

*that i like or feel or do*

*makes me*

*who I am now*

*I am 17*

*I am a girl*

*I've done, felt and liked*

*lots of things in my life*

*so far*

*I've changed*

*My every decision, action*

*or person that I've met*

*changed me*

*Who I am now?*

*Zofia*

## **Me-Who?**

*Is this an easy question? Not at all.  
If you want, I will tell you something you don't  
know.  
I am a bit shy,  
but if you have a try,  
you will get to know me.  
Trust me I can be loud and crazy.  
There are some days that I'm lazy,  
but don't worry those are rare.  
Normally I'm helpful and ready to share.  
This poem isn't meaningful and deep,  
but I'm not a writer nor literature freak.  
Writing this was a very long haul.  
I really wanted, but I couldn't write more.*

## **Me-Who?**

*Pointless is  
Asking who we are  
By the time we get the answer  
We're pretty far  
From where were we  
When the answer was actual*

**Me-Who?**

*I don't like stressful situations,  
Improvisation, risk  
And all of the unexpected events.*

*But I love theatre,  
I love being on a stage  
And giving happiness to other people.  
I'm thrilled when  
I can help someone  
To forget about problems  
And just for a moment  
Go into a different world,  
Dream.*

*I love unhealthy and junk food-  
But I'm on a diet.*

*I hate weariness-  
But I exercise in a gym.*

*I don't like learning things by heart-  
But I like school,  
Finding out new information about world  
And reading books.*

*I'm not good at speaking English-  
But I do it.*

*Generally I love doing nothing-  
But I work all the time.*

*Why?  
To become a better person.*

*Me-Who?*

*And who exactly am I?*

*It's difficult to explain*

*I won't tell you*

*Cuz it's not so plain*

*I learn something about myself every day*

*And I'm sure I want to go my own unique way*

*By Nikk*

*Me-Who?*

*My name is Nick*

*and I don't like to be sick*

*I like eating sweets*

*while walking on the streets*

*I also like sport*

*but usually I'm too short*

*I like to be in trend*

*this is the end*

## *Me-Who?*

*Who is me?*

*Am I white?*

*Am I black?*

*Am I a boy?*

*Am I a girl?*

*I know I'm a human, as well as 8 billion others.*

## *Me-Who?*

*'Just realizing that life is short,*

*I have started living 100%,*

*Doing things that make me smile*

*And spending time with people that I*

*love,*

*drinking smoothies all summer long'*

## *Me-Who?*

*part of the system or human being?*

*you exist because you think*

*they said*

*so I'm still thinking*

*'cause I don't want to disappear*

*hopefully that's clear*

## *Me-Who?*

*I guess I'm the sensitive kind  
Head somewhere in the aerial area  
I wish I could walk watching the sky  
Among the puffy orange clouds*

## *Me-Who?*

*Me on a broad pree.  
I wanna be Bruce Lee.  
I am somebody who is free,  
like a yellow bee.  
Parents taught me to believe  
how to be a relative.  
I am who I want to be,  
exactly like a lemon tree.*
